

## Champions of Change (Lyrics Only)

Written For Better Days 2020 by Cherie Call and Brett Raymond

Verse 1      I feel a stirring in my heart to make a difference  
                  But then I ask, "Can it be done by only me?"  
                  I hear the stories of the ones who came before me,  
                  And I'm inspired to find my own destiny.

Chorus        When there are walls to break down,  
                  Or trails to be blazed,  
                  I will always be amazed by Champions of Change!  
                  Heroes of history  
                  Lighting my way,  
                  Showing me how to be brave.  
                  When the task seems impossible.  
                  With strength I will always find my way  
                  To be a Champion of Change!  
                  Champion of Change!

Verse 2      I can sing a song of peace like Chipeta.  
                  And I can cast my vote like Seraph Young.  
                  And I can run for office like Martha Hughes Cannon.  
                  I can share my light with everyone.

Chorus        When there are walls to break down,  
                  Or trails to be blazed,  
                  I will always be amazed by Champions of Change!  
                  Heroes of history  
                  Lighting my way,  
                  Showing me how to be brave.  
                  When the task seems impossible.  
                  With strength I will always find my way  
                  To be a Champion of Change!  
                  Champion of Change!

Verse 3      I can be like Emmeline B. Wells,  
 Who raised her voice for women's rights.  
 And I can lead my state like Olene Walker.  
 I can speak out against oppression like Alice Kasai,  
 And give comfort to the sick, like Incarnación Flores  
 And I can lead my friends to fight against discrimination  
 Like Alberta Henry and Edith Melendez.

Final Chorus When I think of all that has been done,  
 I know I'll never be alone.  
 I stand on the shoulders  
 Of these brilliant Champions of Change!  
 Heroes of history  
 Lighting my way,  
 Showing me how to be brave.  
 When the task seems impossible.  
 With strength I will always find my way  
 To be a Champion of Change!  
 Champion of Change!  
 Champion of Change!  
 I will be a Champion of Change!
